

London Neighborhood Watch Program

Neighborhood watch groups are great because:

1. They make your neighborhood **safer**.
2. A safer neighborhood is a better place to live, which **adds value** to your home.
3. They have proven to **reduce crime**.
4. Builds new **friendships** and relationships with great people.
5. Provides an opportunity for local police and crime prevention units to provide you and your neighbors with more info on how to keep your **family safe**.
6. **Protects your property** and your family.
